VALUATION OF DAMAGES.

It is expressly stated that Section 2 of Article 18 of the policy's general conditions, relative to the valuation of damages, has been modified as follows:

2. Valuation of damages

Valuation of damages will be carried out according to the following regulations:

- * **In the event of total loss or constructive total loss, indemnity will be the result of the insured interest actual cash value before the incident occurred, after the wreckage value has been deducted.**
- * Under no circumstances will the salvage expenses and/or wreckage removal costs, as well as the indemnity amount exceed the insured sum in place at the time the incident occurred.
- * Partial damage. Indemnity for loss or partial damages will be provided based on the repair or replacement cost, applying new-for-old cover. If the insured sum is less than the insured interest value on the market at the time the incident occurred, the insured will be his/her own insurer for the proportion corresponding to the difference between the indicated values, thereby applying the corresponding average condition and deduction of excess, where applicable.
In the event of partial losses of the boat, with a total loss of the outboard motors, indemnity will be provided based on the actual cash value of the insured motor in the moment before the incident occurs.
- * Incidents that affect insured interest under the personal belongings section always receive indemnity based on their actual cash value.
- * Items with a unit value exceeding 300.51 euros will not receive indemnity if they have not been previously declared in the policy schedule.
- * Repairs. The insured must make the necessary replacements and repairs, without delay, to correct the damages and deterioration suffered.

VALUATION OF DAMAGES.

It is expressly stated that Section 2 of Article 18 of the policy's general conditions, relative to the valuation of damages, has been modified as follows:

2. Valuation of damages

Valuation of damages will be carried out according to the following regulations:

- * **In the event of total loss or constructive total loss, indemnity will be the result of the insured interest actual cash value before the incident occurred, after the wreckage value has been deducted.**
- * Under no circumstances will the salvage expenses and/or wreckage removal costs, as well as the indemnity amount exceed the insured sum in place at the time the incident occurred.
- * Partial damage. Indemnity for loss or partial damages will be provided based on the repair or replacement cost, applying new-for-old cover. If the insured sum is less than the insured interest value on the market at the time the incident occurred, the insured will be his/her own insurer for the proportion corresponding to the difference between the indicated values, thereby applying the corresponding average condition and deduction of excess, where applicable.
In the event of partial losses of the boat, with a total loss of the outboard motors, indemnity will be provided based on the actual cash value of the insured motor in the moment before the incident occurs.
- * Incidents that affect insured interest under the personal belongings section always receive indemnity based on their actual cash value.
- * Items with a unit value exceeding 300.51 euros will not receive indemnity if they have not been previously declared in the policy schedule.
- * Repairs. The insured must make the necessary replacements and repairs, without delay, to correct the damages and deterioration suffered.
